CONGRESS OPENS FOR LAST SESSION

HOLD-OVER LEGISLATION TO
OCCUPY LARGE PLACE

RADICALS PROMISE LIVE
TIME WHILE IT LASTS

Muscle Shoals to Come in for Early
Attention by Agreement Made in
June—McFadden-Pepper Finance
Bill Up.

Washington.—The sixty-eighth congress, during the three months which remain before its life terminates on March 4, has the annual appropriations bills to pass and a large amount of legislation of more or less importance hanging over from the last session to be finally disposed of and some consideration must be given to highly controversial measures which have little chance of enactment.

The La Follette radical Republican group will retain its balance of power in both houses. With regular Republicans assured of actual control in both houses when the Sixty-ninth congress convenes after March 4, the radicals threaten to exert their power while it lasts in every possible contingency.

Action of the Republican senators in reading out of the party the four members identified with the La Follette presidential candidacy has served to fan the flames of discord and a lively time is in prospect.

The senate, by special order agreed upon last June, will take up Muscle Shoals legislation. The house plans to start consideration of the interior department appropriation bill not later than December 5.

A summary of the status of some of the chief items of legislation follows:

Taxation—Interest in the subject of taxation centers in the possibility of the repeal at the present session of the provisions of the revenue act of 1924, under which amounts paid by taxpayers have been thrown open for public inspection.

Finance—The McFadden-Pepper bill revising the banking laws in such a way as to remove handicaps now operating against the national banks and to place national and state banks on an equality with reference to branch banking is one of the measures scheduled for final action. Its approval in both houses seems assured.

SANTA FE SPRINGS OIL FIELD BLAZE CAUSES HEAVY LOSS

Los Angeles.—Death of one man and destruction of thirteen oil derricks, with pump houses, storage tanks, offices and much machinery resulted from a fire in the Santa Fe Springs oil field at Telegraph and Norwalk roads. The death was that of a watchman named Mills, employed by the Pacific Petroleum company, who was housed in a small cabin near the fire. Mills collapsed from strain and excitement and died from heart disease. His death was the only casualty.

The fire started at the Bellevue well and was caused, it was said, by the breaking of a feeder line to the boilers. In that section of the field the derricks stood shoulder to shoulder and the fire spread with great rapidity from one to another, fanned by a south wind.

Board Rules Against Engineers

Chicago.—The United States railroad labor board handed down a decision in the dispute between forty-five western lines and the brotherhoods of locomotive engineers and locomotive firemen and engineers without having heard arguments in behalf of the workers. The union representatives had refused to appear before the board and testify and their appeal from a federal court decision, saying that they could be legally compelled to appear, has been presented to the United States supreme court. The board based its ruling on data and information derived from a similar case acted upon by the board some time ago.

For Bigger Air Service

Washington.—An enlarged air service is the most vital need of the United States army, Gen. John J. Pershing declared in his final report as chief of staff to the secretary of war. A proposed increase in the regular army from 118,000 to 150,000 enlisted men, with a larger proportion of non-commissioned officers as flyers which in time would build up a reserve of army officers, was urged by Pershing, who believes that the infantry "still remains the backbone of attack and that other branches of the service should be subsidiary to it."

\$2,000,000 GIVEN STATE HARBORS

TOTAL IS HALF PACIFIC COAST
ALLOTMENT

ARMY ENGINEER GIVES
EUREKA BAY \$1,228,000

Los Angeles and San Diego Work
Practically Complete, No Recommendations Made for South—Other
Coast Work.

Washington.—More than \$2,000,000 worth of harbor and river work is recommended for California for the fiscal year ending June, 1926, by the chief of engineers, United States army, in the annual report of the secretary of war.

This total, which represents about half of the entire Pacific coast allotment, includes funds for the continuance of dredging work in San Francisco and Oakland harbors; \$250,000 for Mare Island; \$200,000 for work at Crescent City, and nearly \$1,300,000 for the completion and maintenance of the Humboldt bay jetty, at Eureka.

Los Angeles and San Diego harbors get nothing in the recommendations, because of the virtually complete state of federal improvements there.

Here is how the allotment is divided:

San Francisco harbor...\$ 145,000
Oakland harbor..... 20,000
Mare Island..... 250,000
Crescent City..... 200,000
Humboldt bay, Eureka..... 1,228,000
Second S. F. district..... 100,000
Total.....\$2,003,000

The \$145,000 fund recommended for work in San Francisco harbor includes an item of \$132,000 for operation of the dredge Culbra. This total includes overhauling of the machinery. The Culbra is at present working in good weather on the bar outside the Golden Gate. In rough weather, she operates inside the harbor.

The \$13,000 balance in San Francisco's harbor allotment will go for administration expenses, and a pro rata share of the operation expenses and upkeep of the district motor boat Suisun, to prevent the illegal dumping of debris within the harbor. Oakland's \$200,000 will go for one month's operation of the dredge San Pablo, at an estimated cost of \$15,000, and the remaining \$5,000 for office expense and Oakland's share of the Suisun expenses.

Mare Island's allotment is divided as follows by the chiefs of engineers: Annual overhauling of the Culbra, \$12,000; annual overhauling of the San Pablo, \$15,000; operation of San Pablo nine months, \$90,000; operation of Culbra six months, \$120,000; pro rata cost of Suisun, \$1,500; administration, engineering and contingencies, \$11,200. Total, \$250,000.

Recommendations for the Humboldt bay project include the expenditure of \$390,000 for the uncompleted portion of the south jetty, which it is estimated will require more than eight months to complete. For maintenance work on the project, \$898,000 is allowed.

Dredging of Mare Island strait is also provided for in the army's estimates.

In referring to the work in Los Angeles harbor, the chief of engineers points out that a total of \$735,000 is now available for completion of the improvements there. This sum will go for widening of the main entrance channel to 1,000 feet and for the completion of the triangular area of approach to the inner harbor entrance channel.

This work will exhaust the \$735,000 by September, 1925, at which time the project will be considered complete, with the exception of the acquisition of a pipe line dredge. No new funds are recommended.

Allotments totaling \$2,090,115 are recommended in the annual report for work on Oregon and Washington harbors.

Of this \$1,203,500 goes for the Coos bay project, including \$537,400 for restoration of the north jetty and \$664,100 for construction of the south jetty.

Improvements on the Columbia river between Vancouver and the mouth total \$723,000.

Dredging and blasting in Yaquina bay and harbor account for \$11,175. The report suggests that the lock and dam on the Yamhill river be abandoned "because of the lack of traffic and the apparent indifference of the people of the locality to the development of local water-borne traffic." It also suggests that the government discontinue improvement of the Yamhill river above the lock.

Golden State News of Interest to All

Smoke from a burning fuse in a suit case discovered recently in the editorial room of the San Diego Union resulted in a panic from what appeared to be a plot to blow up the plant. When firemen rushed to extinguish the "bomb" it was found to be a fake and part of a publicity stunt planned by a city theatre. Managers and publicity men of the show house are to be prosecuted, it is said.

The possibility that Carmel as the art center of California, will be replaced by the Jack London ranch and the Valley of the Moon as the abiding place of the intelligentsia seems evident, since plans for the construction of a large hotel and many artistic homes in the Valley of the Moon have become known.

The next bar examination in the first appellate district, composed of Alameda, Contra Costa, Fresno, Marin, Monterey, San Benito, San Francisco, San Mateo, Santa Clara and Santa Cruz counties, will be held by the state board of bar examiners January 19, 20, 21 and 22 in San Francisco.

Police believe that Charles Hauser, manager of the Western Roofing company, who was mysteriously shot recently at Golden Gate park in San Francisco, had stumbled upon a spoony party and was shot for a spy or a thug.

The death of one man and serious injury of another resulted when federal anti-narcotic agents raided a Mexican store at San Juan, mistaking it for a Chinese establishment, suspected of illicit dealings in narcotics.

Several thousand rabbits captured by three hundred hunters who participated in the annual Thanksgiving rabbit drive in the Sierra valley were turned over to the Salvation army for their Thanksgiving dinner at Reno.

Though he began a trip at a speed of 100 miles an hour, Captain William Frye of Long Beach returned at four miles an hour. His plan gave out the other side of the Santa Monica mountains and he returned afoot.

The Women's Save-the-Redwoods league recently moved to have the Humboldt county board of supervisors take legal means to stop the Pacific Lumber company from cutting its own trees—"for beauty's sake."

Sixty million Christmas seals were placed on sale by the California Tuberculosis association throughout California on Thanksgiving day, returns from which will be used to combat tuberculosis in this state.

As soon as money can be secured to finance the work, Petaluma will be improved and beautified after a plan of Carol Arousivici of the University of California extension department.

The dividend of 9.24 per cent paid the 350 stock holders of the Porterville Mutual Building and Loan association, is declared the highest paid by any of the 115 association in the state.

December 9, was the date set for hearing the city's petition for a valuation of the water company's property at Marysville, the previous appraisalment having failed completion.

Official tabulation of San Francisco's vote in the recent election shows the total to be 159,649, of which 73,663 were for Coolidge, 68,864 for La Follette, and 9,811 for Davis.

The 200,000th telephone was installed recently in San Francisco, bringing telephone population of the city up to 725,000, with twenty-eight phones to every 100 persons.

Deportation proceedings against thirty-three aliens now serving sentences in San Quentin prison have been instituted, preparatory to the expiration of their terms.

Said to be the oldest living pioneers of the Pajaro valley, Mr. and Mrs. George A. Trafton celebrated their sixty-sixth wedding anniversary at Watsonville.

Women's and juvenile branches of farm bureaus are being established and a campaign for 1,000 more members for the Sonoma county farm bureau is being urged.

The mouth of the Columbia river received no allotment. The bar is in good condition, with a minimum number of vessels forced to remain outside the bar in stormy weather, the report says.

Act on Hetchy Shutdown
San Francisco.—The board of supervisors voted by a margin of 14 to 3 to support Acting Mayor McLaren in the Hetchy Hetchy financial controversy, and turned down the plan of transferring funds to prevent a shutdown of work on the mountains.

CAMPBELL AGAIN OVER THE TOP IN COMMUNITY CHEST CAMPAIGN

Good Work of Committee and Hearty Cooperation of Donors Praised by
Chairman W. C. Bodnett

HOLMES-GODWIN

Miss Lulu Holmes was married in Los Angeles, November 16, to Mr. Loren Godwin, of that city. The wedding took place at the home of the bride's cousin, Mrs. Clay Volivia, in the presence of a large number of relatives of both parties. The ceremony was performed by the minister of the Methodist church attended by Mrs. Volivia.

The marriage was the culmination of a romance which had its beginning many years ago in Campbell. Miss Holmes has a host of friends who wish her much happiness. Mr. Godwin, who will be remembered by many of the older residents of Campbell, is employed by the Pacific Electric Co., of Los Angeles, where the couple will reside.

CAMPBELL PLAYS BIG LEAGUE GAME TONIGHT

The P. A. L. starts for Campbell Friday night, December 5, when the San Mateo basketball teams A and B will put on their heavy overcoats and journey down to Campbell for their first game of the league.

Last Friday night Campbell walked over the Santa Clara Baptists by a score of 20-5, the Santa Clara team was fast, too. They kept Campbell on its toes, but Campbell is used to being on its toes in every game.

Campbell has been giving its team fine support in their practice games but we expect record breaking crowds at the league games. Don't forget that there are two balconies in the new gym both of which have a swell view of the floor.

We expect a lot of good yells, too, from our new yell leader, Sam Reed. Sam takes the place of Bob Feathers who had to give up that job.

Captain Reed says that the teams are all set, so "Let's go Campbell."

The line-ups for Campbell are, B team: Forwards, Kalas, Hummel, Blaine, Gardner; center, Monte, Hedegard, G. Reed; guards, Nishita, Pizaro and Cramer. A team: Forwards, Clark, Bonaccorso, Duncan, Steindorf; center, B. Robinson, M. Nelson; guards, Reed, Sundquist and Shelley.

Richard Shelley, Reporter.

Thanksgiving Party

Mr. and Mrs. J. S. Fay gave a Thanksgiving dinner for their family and relatives at their home at 75 South First Street. Those invited were: Mrs. J. A. Stringer and son, Lyle, of Pincher Creek, Canada; Mr. P. A. Hesner, Los Angeles; Mr. and Mrs. W. E. Billings, Montebello; Mr. and Dewey Wolcott, Strawberry Point, Iowa, now resident of San Jose; Mr. and Mrs. N. H. Weaver and son, Leland, of San Jose; Miss Ola Green, San Jose; Mr. and Mrs. A. A. Fay and daughter Ethel. All enjoyed a perfect California Thanksgiving Day.

High school P. T. A. will meet at the school Tuesday afternoon. Mrs. Dana Thomas will address the meeting on "The Need and Advantages of High School P. T. A." A good attendance is urged to hear this important message.

Mrs. Hattie Dunham, Donald and Mrs. McQueen and children, and Guy Shepherd, went to Madera last week to spend the holiday week-end with Mr. and Mrs. Jack Scott.

CAMPBELL NIGH-SCHOOL THANKSGIVING PLAY

"The First Thanksgiving", a play presented by the Campbell Evening School on Wednesday evening was a decided success as demonstrated by the large and enthusiastic audience. Miss Carmichael, Mr. Cramer and Mr. Hancock responded with appropriate remarks, the remaining numbers of the program were given entirely by members of the Campbell Evening School.

Mr. Bozzo with his pleasing tenor voice delighted the audience with the selections, "Santa Lucia" and "O Sole Mio" sung in Italian.

Cunning little four year old Celeste Furtado sang "The Bonnie Flag" and "Holiday Song." The stage was banked with small fir and laurel trees making a veritable setting for the Pilgrim play. The costumes for the Pilgrim men and women were most appropriate and true to type consisting of knee breeches, silver buckled shoes, tall hats, grey gowns, white kerchiefs, collars and cuffs and caps. The Indians were very effective in their gay costumes of blankets and feathers.

The first scene, in Holland, was most realistic, having been made into a lily garden by using many potted blossoming lilies. The heavily laden Thanksgiving table, in the last scene, around which were seated the pilgrim folk and Indians, was indeed a beautiful picture.

The cast was: Katrina, a Dutch girl, Ida Furtado; John, a Puritan boy, Dan Furtado; Mary Chilton, Mrs. Furtado; Priscilla, Mrs. Mattos; Miles Standish, Mr. Simas; John Alden, Mr. John Silvera; Governor Carver, Mr. Furtado; Mary Atherton, Miss Vierra; Samoset, Mr. Cefalu; Edward Winslow, Mr. La Barbera; Massasoit, Mr. Texeira; Governor Bradford, Mr. Homem; Squanto, Sam Toarmino; Elder Brewster, Tony Silvera; John Ather-ton, Mr. Cardoza.

Act I, "The Pilgrims in Holland." Time: Summer. Place Holland.

Act II, "The Landing of the Pilgrims." Time: The following winter. Place: America.

Act III, The treaty with the Indians. Time: Forenoon in fall. Place: America.

Act IV, The First Thanksgiving. Time: November. Place: America.

Following the program a social hour was enjoyed and refreshments were served.

The teachers in charge of the Evening School are Mrs. Claire Davidson and Mrs. Archie Keesling, to whom much praise is due for their faithful and efficient work. Campbell has every reason to feel proud of our evening school and the progressive foreigners who would become good citizens.

FARM BUREAU MASS MEET SUBJECT

The Santa Clara County Chamber of Commerce, Consolidated, has endorsed the movement to establish the Farm Bureau in Santa Clara County.

As it was desirable to have the farmers, orchardists and poultrymen from both ends of the County hear Professors Hunt and Nelson tell of the organization and workings of the bureau, a meeting was held in Gilroy Saturday, November 29, and also one at Mountain View, Monday, December 1.

A final meeting will be held in San Jose, at the Chamber of Commerce rooms Monday evening, December 9, for the whole county.

Mr. Cornell, president of the Sunnyvale Chamber of Commerce believes that this organization properly handled, could increase the income of this county \$1,000,000 in the next five years without materially increasing production costs.

All persons interested in any form of agriculture are urged to attend the San Jose meeting.

THE AGE OF PER CENT

Government and statistical bureaus have moulded the thought of us all, more or less, into thinking in percentages. Of course, Andy Volstead had a lot to do with it when he invented the once infamous, and now famous, one half of one per cent. Fractions started with Adam, when a fraction of him made Eve, and woman has been infractions ever since. There are now positive proofs that every 91.7 men out of a hundred drive a motor car, and recently someone suggested that there are too many of those .7 doing the driving. The per centage of the cost of living has become so great that few people care to live any more, so they try to beat trains to the crossings and indulge in any other outdoor sport that strikes their fancies and fenders.

Take divorce, for instance. The percentage of divorces is so much greater than marriages that ministers are studying law, as the courts pay so much better than the pulpits. They say now that business will go up. Big business will, but little business will still make its way per the cents. Of course a cent is not to be looked down on, even though it won't buy anything by itself any more. Can you remember when a cent's worth of gum drops lasted all day? Now its bon bons at a dollar and a half a box, provided they are a little stale and shop worn; nothing less than a four dollar box with red and blue ribbons tied over the glazed wrapping will satisfy some of the rouge artists of this age. Then there are the 100 per centers, to whom 99 per cent citizenship won't do. Besides all this, there are the percentages of failures who think they can write, and this is getting to be such an enormous per cent, we do not care to add to the already growing burden of the reading public in their vain efforts to pick out the percentage of reading matter worth reading.

THE AMERICAN FARMER

There is probably no class of business or industry that can stand so much adversity as that of the farmer and still come up smiling. The farmer can wait through a year of poor crops or no crops and exhibit a patience that would put many a manufacturer or tradesman to the wall of exasperation if not of finance.

There are reasons for this. In the first place, the farmer's industry is basic—solidly basic. The country must have him and his products. He knows that the rains will come, if not this year, next. He lives on until the great sea of wheat or corn or cotton or fruit beckons him to harvest. Because his business is basic, the farmer himself is "basic." Sturdy is a better word. He never quits, seldom gives up; it would be disastrous to all of us if he loses the quality of sticking to the job. We are all interested to the extent that prosperity of the farmer reflects into every nook and corner of economic life.

SEE "THE PRINCE"

The Little Theatre Players of Los Gatos will play for the citizens of Campbell and community Friday evening, December 5. Now is your chance to see the wonderful presentation given by amateurs, but like professionals.

You will be surprised and very proud to see what the young folks of our neighboring city can do, and you will be more pleased to know that one of our own faculty, whom we all love and admire is taking a leading part in this play.

The situations all hinge on the difficulty a man experiences when he tries to fool his mother-in-law but the faults of Arthur Hummingtop are so small, or would be these days, that the lies seem out of all proportion to the necessities of the case. But that does not prevent them being excellently fooling. His wife is out of town. He seeks rest from a nagging mother-in-law, who has her finger in everybody's business. This is Mrs. Gillibrandt, well played by Elizabeth Cameron.

The cast includes two sets of sisters, the Callihan and Cameron sisters. Miss Callihan plays the part of Rose, while her sister, Miss Ruth, is Barbara, the little English maid.

Miss Peggy Cameron plays Daisy, the American heiress. Sewell Brown, son of Superior Judge Brown, plays the part of a typical Englishman.

The play is a well known English one that has been given with great success all over this country and Europe.

Now do not forget the place—the Grammar School Auditorium, Friday evening. Be sure and get your tickets as there are not many left and we will not sell more tickets than we have seats. Los Gatos alone has taken over 200 seats.

The Moreland Good Will Club met with Mrs. Holtum, on Payne Ave., Wednesday, November 19, with ten members and one visitor present. Mrs. Boden gave interesting information upon British possessions in Africa.

A social hour followed the program during which refreshments were served in the most dainty way possible. The club adjourned to meet with Mrs. Bean on Williams Road, December 3.

Mr. and Mrs. Bert Campbell were here for Thanksgiving with Bert's mother, Mrs. T. A. Marrs.

Mrs. A. D. Rice is suffering from a peculiar case of tonsillitis and is under the doctor's care.

Present to Send East

YOU'RE puzzled about a present for some eastern friend. You'd like something especially to the point. Here it is: **Redwood box** filled with an attractive assortment of California products. Idea of some Sunnyvale folks, and a happy idea it is. The cover of each box is stamped with a California Mission scene. Artistic. Beautiful. In splendid taste. Characteristic of our Golden State and delightfully appropriate. See redwood boxes of this sort in the store. Price \$1.50.

Candy For the children you'll want good candy, not the cheap sort that's bad for a youngster to eat. The good kind is found in Blaine's Store. Here's **Satin Mixed**, a delight to the childish eye and a welcome guest to the childish tummy. The pound, 25c. And **Broken Mixed**, a good, wholesome grade. The pound, 20c.

CLUSTER RAISINS: Fine ones, muscats, in 1-pound carton with that pretty sun-maid on it. Send these raisins east, too. Carton, 20c.

MEMORIE Figs: Something new. Something to make us sit up and take notice. **Memorie Figs** are dried without sulphur, a method that will eventually be used with all dried fruits. These figs are beautifully packed. Fine to send east, too. The package, 25c.

Town Tales

Tersely Told

L. C. Bump is building a new cottage on his South Fourth street property.

Mrs. L. F. Shaw spent Thanksgiving and the week-end with relatives at Carmel.

The R. L. Duncan family enjoyed their Thanksgiving dinner with the F. W. Coupland family.

W. H. Horton, of San Jose, has rented the Peter Talia house on Los Gatos road and moved his family there.

Franklin Blaine had the misfortune to get his index finger in the coffee mill which inflicted a very painful injury to the end of that digit.

G. L. Richter and family, of Visalia, and C. Erwin Richter, of Stockton, spent the holiday week-end at their home here with Dad and Ma Richter.

Mr. and Mrs. R. W. Kennedy are enjoying a visit with relatives in Siskiyou county. Bro R. W. does some hunting but fails to state with what success.

J. K. Lynden, who recently traded his Morgan Hill property for the Bockius home on East Campbell avenue, is building an addition to his new home.

The regular meeting of the Woman's Guild will be held in the Congregational church parlors, December 11, at 2 p. m. A full attendance of members is urged.

Mrs. J. D. Blaine accompanied her daughter, Miss Pauline, to San Francisco Wednesday, to see her off on her trip to Honolulu. Miss Blaine sailed aboard the Manoa.

Mr. and Mrs. L. S. Miller and Mr. and Mrs. Ralph Hyde and son, Homer, spent Thanksgiving Day at Capitola, remaining until Saturday. They occupied Mrs. M. E. Wade's cottage.

The J. F. Duncan, T. L. Mendel, Frank Mendel and Easton Carter families and Grandma Parker motored to Crockett to enjoy Thanksgiving dinner with Mr. and Mrs. Edwin Parker.

Mrs. J. N. Gardner arrived home from Grand Junction, Colo., Wednesday, after several weeks there suing for damages for her injury. We are pleased to note that Mrs. Gardner won her case.

The Campbell fire commission Wednesday evening closed the deal for the purchase of an electric fire siren device. One connection will be made at the fire house and one at the telephone office.

Mrs. Alice Smith enjoyed a double celebration Thursday, as it was also her seventy-fifth birthday. Mrs. Smith is to be truly congratulated on her remarkable vigor and activity. She is truly 75 years young.

Gordon Smith came down from Palo Alto Wednesday and Thursday, accompanied by his wife and mother, Mrs. Ellen R. Smith, motored to San Francisco, where they enjoyed Thanksgiving dinner with Mr. and Mrs. Stewart Smith.

Frank Coupland was rushed to the San Jose hospital Tuesday afternoon following a two day illness, and was operated upon for appendicitis. He was reported resting as well as might be after so short a time as when we went to press.

E. C. Merrill's truck was run into by a street car in the Willys which failed to stop at the proper place. Investigation disclosed that the brakes had become disconnected so that when the motorman attempted to stop the brakes failed to respond. No serious damage resulted.

Mrs. O. H. Weiss, our popular and efficient community nurse, informed a Press representative that most encouraging results have come from the milk feeding campaign. Pupils who are underweight or need more nourishment have been put on an extra milk feed during the forenoon. These children have responded in marked degree and have gained in weight from 1 to 3 pounds. Fine let the good work go on.

GRANDMA ROBINSON

LAID TO REST

Mrs. Sessanne Robinson, widow of late H. J. Robinson, one of the older and most highly respected residents of our community passed to her eternal reward Sunday, November 30, having passed the eighty-first milestone of her journey here, on Thanksgiving day.

Born in Little Rock, Arkansas, she crossed the plains at the age of five with her parents arriving in California in 1848, and for the past 29 years has lived in and near Campbell. A woman of strong Christian faith and character, she has left an unforgettable impression on the lives of those about her. Several generations have already arisen to call her blessed. She was the mother of eight children, Henry J., Jr., John D., George L., William F., and James J. Robinson, and Mrs. M. Springer, Mrs. Lee Brown, and Mrs. A. F. Bulmore; the grandmother of 19 children; the great grandmother of 26; and the great great grandmother of 2.

Beautiful services were held Tuesday afternoon from the Congregational church, where the wonderful array of flowers and the gathering of friends from all the community, bore silent witness of the high regard in which this aged lady was held. Rev. W. E. Eckles spoke most comfortingly to her bereaved ones and Mrs. Worthin Grattan and Mrs. Eckles sang very sweetly two of the favorite old hymns: "Home of the Soul" and "Sometime, Somewhere We'll Understand."

G. I. Shepherd, T. A. Robinson, E. W. Preston, E. A. Barker, E. C. Merrill and L. A. Ball served as pall bearers, and the body was laid to rest in Oak Hill Cemetery.

RICHARD FARR

WRITES FROM CAMP

Mrs. L. L. Miracle is in receipt of a letter from Richard Farr, who is spending the winter in the Sierras. Thru the kindness of Mrs. Miracle the Press is publishing the letter.

Dear Friends:
Well, I finally got this far and am staying here in a little cabin at present. If I can make a dicker to get a light wagon and harness I may go farther south before the real cold weather sets in.

I sure had a great trip all the way. That canyon going into Woodford's is about the best scenery there is in California as far as I've gone. From Markleeville to Coleville I cut across the mountains and in trying for a short cut missed the trail and had a couple of days of pretty rough going but I saw the real wild country at that. Old Sam Fales at the Hot Springs is surely a curiosity. I liked it there real well, in fact I think that would be my choice of a place to spend the summer vacation unless I wanted more company. The Dead Man's Pass between Leavening Creek and Bishop is correctly named for sure. Just one small sandy valley after another and no water. A couple of years ago a great many pine trees were blown down in a windstorm and it accentuates the deadness of the pass a great deal.

There has been a bit of excitement here the last week but has quieted down now.

There was more snow (I was told) on the mountains west of here a week ago than at any time all last winter. It has been real warm all this week so it is fast going away.

I wish you and Mr. Miracle the best of cheer for the approaching holidays.

Will beglad to hear from you any time.

Your friend
R. J. Farr.

Lloyd Brawley, of Granite, Okla., who is on a tour "seeing the west" was a guest at the A. D. Rice home last week.

The play the "Prince of Liars" is of especial interest to the people of the Campbell Union Grammar school district because Miss Elizabeth Cameron, one of the teachers has a leading part. Miss Cameron is very clever in comedy parts and those who have seen her in one play are always anxious to see her again.

The school is very busy practicing for the entertainment to be given on December 11.

GIFTS FOR SOLDIERS

The W. C. T. U. held its regular meeting with Mrs. Newcomb Wednesday. It was decided to fill Christmas boxes for the soldiers. Any who wish to take and fill boxes may get them from Mrs. F. S. Newcomb, 295 Campbell Avenue. These are to be sent to Mrs. Newcomb before December 20. The filling of these boxes is a simple matter as provided in the suggestions:

Regulation filling.

Each box to contain: 1 apple or orange—cookies or cake—candy—nuts—cluster of raisins and GIFT. Suggestions for gift: Sox (Size 11)—necktie—pocket comb, handkerchief—shaving stick—book—knife—pencil—etc.

Postal, One YOUR greeting to the boy, and other stamped, addressed for receiver to "thank you."

Your gasoline gauge after you've driven for a day or a week tells the story. "Red Crown's" pep in starting these cold mornings is coupled with a 100% power-and-mileage yield from every gallon you buy. That's why the majority of the economy runs now being staged throughout the Pacific Coast use "Red Crown" to get their remarkable mileage records of 35 to 40 miles per gallon and better.

Fill at the red, white, and blue pump with "Red Crown"—"in every way a better gasoline."

CHAS. GAMO

Charles Gamo, son of Mr. and Mrs. John Gamo, who has been in failing health since he came to Campbell about two years ago, passed away Saturday.

The deceased was born in Stanton, N. J., and was forty-one on July 1, last. He came here from Grand Rapids, Mich., suffering from dropsy and heart trouble, which gradually undermined his strength, until some weeks ago he was removed to the hospital.

Funeral services were held Monday at two o'clock from the Melvin Funeral parlors at Los Gatos, with Rev. F. C. Farr officiating and interment was at Los Gatos Cemetery.

Of surviving relatives there are a daughter, Florence, seventeen years of age, living at Grand Rapids, Mich., his parents at Campbell, and a brother, Wm. B. Gamo, of Trenton, N. J.

While grieving over the death of their loved one, his family cannot but realize that he is far happier, relieved from his suffering, and could not wish him back. The community extends its sympathy to Mr. and Mrs. Gamo.

National Cabinet

The next in order of topics which the Country Woman's Club considered was "The Cabinet." The committee for the day was Mrs. Lillie F. Shaw, Mrs. J. F. Duncan and Mrs. Louis Shelley.

Mrs. Shaw as chairman, opened the subject by explaining how the name came to be applied to the group of executive secretaries, and then Mrs. Duncan enumerated the various departments or "portfolios," the various duties of each secretary and the number of employees in each branch. She then read a very interesting enlightening sketch of the life of John Quincy Adams, as found in Elbert Hubbard's "Little Journeys."

Mrs. Shaw chose for her paper the life of Alexander Hamilton, the first secretary of the Treasury, and to whose wonderful financial ability we owe so much of our economic success.

She used as her chief authority a biography of Hamilton written by the late Henry Cabot Lodge.

Mrs. Shelley was unable to be present but her paper was read by Mrs. Robert Parkhill. She had selected two of the cabinet officers of the civil war period, who served under President Lincoln, Wm. Henry Seward and Salmon P. Chase, which proved very interesting.

Mrs. Miracle reported the total net receipts from Mrs. Sanders entertainment and the sale of fancy work of \$60.45. This fine showing was due to the fact that the Grammar School Trustees refunded the rent of the auditorium as the districts donation to the Library Building Fund. In as much as the library is a great adjunct to the school, they felt that the districts should have a share in it.

The treasurer will be able to make a payment on the note and as fast as possible this loan will be reduced so as to lower the annual budget.

The Mission Study Class of the Congregational church with a number of others interested, and part of the C. E. members, nearly forty in all, went to Saratoga Sunday evening, where they had the pleasure of hearing Dr. Watts O. Pye, who is home from his mission field in China. His talk was most enlightening on political, economic and spiritual conditions and changes in that wonderful country.

Mrs. M. E. Wade is spending the week at Oakland with her son, Ben Wade.

Will Robinson is not much worse for wear as he has quite recovered from the injury received in a recent auto smash when he suffered a bruised eye.

RED CROSS YEAR'S COST \$21,366,255

Nearly \$12,000,000 Devoted to Helping Victims of Great Japanese Earthquake.

OVER 3,000 BUSY CHAPTERS

Aid to Disabled War Veterans Paramount and Reaches Nearly \$4,000,000.

Washington.—More than \$21,000,000 was the total of funds expended in all activities of the American Red Cross during the last fiscal year, ended June 30, says a statement issued by the National organization. This expenditure was almost one-sixth of the amount of money disbursed by the Red Cross in the war year, July, 1917, to June, 1918. Of this extraordinary sum \$11,631,303 was America's contribution to the Red Cross for relief of the Japanese earthquake victims. This was increased to \$11,768,803 by appropriations from general funds of the Red Cross, and it represented probably the largest spontaneous outpouring of beneficence of a single nation in the history of the world.

Over 3,000 active Chapters expended during the year \$4,869,000, the National organization disbursed \$16,497,255.35, making the total \$21,366,255.35—all for humanitarian work which reached practically around the world. In announcing the year's record of American Red Cross industry the executive officials at Washington emphasize the fact that the extensive and never-halting work of the Red Cross depends almost wholly upon the nation-wide support of the organization from the memberships enrolled during the annual roll call which this year will be in progress from Nov. 11 to 27, when everyone is asked to join or renew their membership in the American Red Cross.

Soldier Service Paramount
Service in behalf of the disabled veterans of the World War and their families is a paramount obligation of the Red Cross. The organization, through its Chapters, is constantly in touch with this duty in 2,609 communities throughout the United States—the Chapters alone during the year expended in service for veterans about \$2,000,000. The National organization expended \$1,735,825—a total of \$3,735,825 applied to assisting war sufferers toward recovery from disability and distress.

This work is constant in hospitals, sanitariums, camps, soldiers' homes, in the community. For example, in helping disabled men and women in places where they were transient residents \$173,076 from national funds alone was required to help solve their problems. Every Red Cross service is ever at hand ready to meet the individual need of these men and women.

The enlisted men in the Regular Army, the Navy, and the Marine Corps, with their home ties, mean a never-ending Red Cross service which figures cannot fully interpret. In this work a total of \$685,285 was applied in meeting an obligation under the Red Cross charter which has been fulfilled for over 20 years.

Domestic Operations Extensive
In the past year Red Cross operations were almost wholly confined to continental United States and the insular possessions. Relief work following disasters called for immediate activities in 192 places and a total of \$737,603.37 was spent in this service alone. In 33 major disasters trained workers were kept at the work of rehabilitation for many months.

In carrying on the health activities a total of \$444,886.66 from Red Cross national funds, and \$808,000 from Chapter treasuries—approximately \$1,252,886 in all—was applied, giving some idea of the extent of Red Cross service in the fields of public health nursing, nutrition instruction, and spreading knowledge of personal hygiene and care of the sick in the home.

For advancing the cause of human safety, the First Aid instruction, locally by Chapters and over extensive national territory by the Red Cross instruction car covering trunk line railroads, and in teaching water-safety and increasing the membership of the Red Cross Life-Saving Corps, the total cost was \$288,234.71, of which \$216,234.71 came out of national funds.

Army of Over 5,500,000
The Junior Red Cross in the schools—with over 5,500,000 in its "I Serve" ranks—was aided with \$233,510.78 to which it is estimated the Chapters added some \$277,000—a total of \$510,510.78. In various other domestic activities the Red Cross spent \$283,473.19, and the Chapters in their numerous voluntary services expended an additional \$1,048,000 during the year.

Foreign obligations, aside from Japan, were met with national funds as follows: Relief of refugees in Greece, \$200,887.18; Junior Red Cross projects, \$99,579.75; League of Red Cross Societies, \$165,000; other insular and foreign work, \$221,355.81. The American Red Cross budget for 1924-25 is \$4,647,790.85, or \$368,286.96 less than the budget for the year ended last June 30.

Fifty-four persons were arrested in dry raids in Orange county in one day.

Sacramento has been selected as the 1925 convention city of the National Grange.

SEALS SAVE CHILDREN

Six months ago, this boy was in a run down condition and doctors said that he must have immediate care, or he would fall a victim of tuberculosis. The tuberculosis association took charge of him on money derived from the sale of Christmas seals, and through careful nursing, brought him back to health where he can take his place among his fellows.

Four Campbell children have been brought back to health in the preventoria operated by the Santa Clara County Tuberculosis Assn. and numerous families in this community are under supervision and care in order to protect them from the ravages of tuberculosis, according to a statement issued by Mrs. F. A. Nikirk, executive secretary of the association, who paid a recent visit to this city in the interest of the annual Christmas seal sale.

According to Mrs. Nikirk, the seals which were mailed to scores of people in this community, have met with an enthusiastic reception and returns from the sale are coming in rapidly. The money which is derived from the seal sale is used in the upkeep of the preventoria where boys and girls, who have been wan faced and undernourished, have been brought back to robust health through careful nursing, exercise and diet given under the direction of skilled physicians and nurses.

At the county headquarters of the association, over 500 children have been examined for tuberculosis, and many homes have been placed under supervision in order that any trace of the disease may be combated before it gains headway. "If tuberculosis is found in its early stages, it is easily curable if the right treatment is given," said Mrs. Nikirk, "and it is the aim of the association to halt the germ before it gets to do its deadly work. Since the association was founded, the death rate from tuberculosis has been reduced over 50 per cent," declared Mrs. Nikirk. "We have been able to do our work in the county through our annual seal sale upon which we must depend for one-third of our receipts to carry on our operations."

The seals may be purchased in Campbell at the "Press" office or at Mrs. Jacquot's store.

In the annual report of Louis P. Best, attendance officer, an increase of 763 students in the enrollment of Sacramento schools was shown.

County ordinances prohibiting boxing and wrestling were invalidated by enactment of the new state boxing bill, says Attorney General Webb.

The Petaluma tannery has completed a contract for the United States government for 10,000 mail bags of a special grade of leather.

November 24 was the first day in eighteen months that there was not a case to be settled in Judge W. J. Gannon's court at San Leandro.
